## 2024 Performance

Hong Kong's economy will likely grow more slowly than previously expected, both this year and next as challenges from China's slowdown, property assets value decline and the impact from elevated interest rates weigh on the financial hub. many families and individuals are facing economic hardship, struggling to afford basic necessities.

Economists slashed their expectations for gross domestic product growth in 2023 to 3.3% from an earlier forecast of 4%, according to the median estimate in the latest Bloomberg survey of economists.

2004's outlook is also dimmer, with GDP seen expanding 2.7% in 2024 compared to 2023. That's lower than an earlier estimate of 3%. The downgrades reflect a muted post-pandemic recovery as growth has been weak despite a boost this year from a tourism revival, and suggest that tough times are still ahead for the Asian financial center.

In 2024, following a gradual but slow recuperation after the COVID pandemic, outbreaks and the recurring waves plaguing Hong Kong came to a halt at the end of 2022. Yet since the start of 2024, poverty remains a key pressing issue, with the gap in economic inequalities widening leaving impoverished, vulnerable, and street sleepers in a dust trail as Hong Kong business and economic growth rises.

With these rising costs, low-income individuals and street sleepers have been struggling to find reasonable affordable housing and to afford nutritious food, as wages have not risen in line with inflating food and housing prices. As such, Sunshine Action continues to pack and deliver Sunshine Fortune Bags containing essential long-life food essentials and hot food dinner boxes to the poor, including the elderly, the low-income families, the handicapped, the refugees and mentally- ill and street sleepers across Hong Kong regions. These contain rice, pasta, dry foods, toiletries and other key essentials for basic nutrition and sanitation.

Amidst these economic and social conditions, Sunshine Action continues to uphold its mission to "Feed the Hungry & Warm the Abandoned"

## Long-Term Food Support Program

Due to the increasing challenges during the economic hardship, Sunshine Action has offered long-term food support to low-income/poor individuals for 6-12 months. However, Sunshine Action has continued supporting the individual if they needed further help. These cases are referred by social workers to a team dedicated to helping through delivery. Referrals tend to be cases who suffer from a severe illness or are severely disabled.

Sunshine Action started this program in 2011, with a focus on tailor-made quantity and content according to the needs of beneficiaries.

All products we used in the “Sunshine Fortune Bags” and food programs are carefully selected or tailor-made for their excellent quality and with long enough expiry dates.

## The Street-Sleepers program

This has been our longest-running event. In 2024, Friday evenings were usually covered by a bigger team of students in more concentrated areas in Sham Shui Po, Nam Cheong and Cheung Sha Wan.

We distribute the dinner boxes, the supplements, anti-pandemic items, essential materials, cash coupons, a variety of food and beverages, others essentials, hot pads, etc.,

Every year, hundreds of students and the Sunshine Ambassadors joined this program consistently.

We are currently planning to expand Sunshine Action's presence in the USA, UK, Hong Kong and others places. Our partnerships with the students from universities have proven positive for networking and creating impactful programs, so we would like to set up a comprehensive network active in the states and counties from Sept 2024 - 2026.

In 2024, the landscape for corporate sponsorship has evolved significantly. While long-term partners such as Mayer Brown and BNP Paribas continue to provide essential support, newcomers like Wells Fargo, Henderson Sunlight REIT and Blackstone are also entering the scene.
